

Deseronto Clinic Receives Federal Award

An architect's drawing of the proposed Deseronto Medical Centre.

Last Thursday night Jack Ellis, MP for Hastings, presented the Deseronto Lions Club with a \$34,000 Local Initiatives Program grant towards the construction of Deseronto's new medical centre.

The service club first promoted the idea two and a

half years ago and has worked towards its realization ever since. They will cover the remaining \$21,000 construction costs.

The first doctor for the centre has already been appointed, he is Dr. David Miller, and is presently completing his internship in Halifax.

He said that a dentist should be working at the medical centre shortly after it opens in July with another doctor coming within the first year of operation.

Mr. Carl Beattie, president of the Deseronto Lions Club said that tenders for the construction of the build-

ing will be called within three weeks.

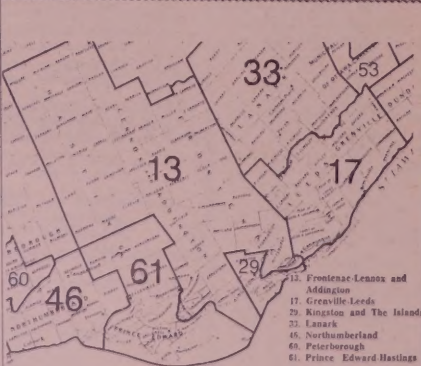

The project should be operational by next July, work must begin almost immediately to meet the LIP grant deadline of May 31st. The construction will create 18 winter jobs for local men during the coming months.

Deseronto man dies of injuries

A head on collision between two cars on Highway 49, last Wednesday, resulted in the death of Mr. Oran Oliver, 57, of Deseronto. Mr. Oliver was taken to Kingston General Hospital and died there on Thursday.

The accident occurred during the snow storm on Wednesday evening just north of the cement plant.

The two occupants of the other car, Mr. and Mrs. Robert Byers of R.R. 2, Pictou were also injured. Mr. Byers was taken to Kingston General Hospital with multiple fractures and injuries. Mrs. Byers is in hospital at Pictou.

Area riding altered

Proposals for substantial boundary changes to the Quinte area constituencies will be submitted to a commissions committee following public hearings.

Under the new proposals, Deseronto would be included in the new Prince Edward-Hastings riding, which would also include all of Prince Edward County, five townships of Hastings, including Tyendinaga, the city of Belleville, but excluding Trenton.

Twelve Hastings County townships, north of Highway 7, would be included in Frontenac-Lennox and Addington riding to the east.

Should a federal election be called within the next six months, the existing federal areas will stand, but if the election is later, redistribution of boundaries may take effect.

This is "freeze-up" time when snowmobilers and ice fishermen should use extreme caution. A snow-covered ice surface seldom gives any indication of danger until it is too late.

Rivers -- and river mouths where they flow into lakes -- are most treacherous as there is usually sufficient current to wear away the underside of the ice and prevent the water from freezing to uniform thickness. The Ontario Safety League's advice is to stay off any ice-covered surface unless you have an intimate knowledge of current conditions and ice thickness in all areas. If you do not know the area, contact members of the local snowmobile club or other local authorities and get their advice.

• Do not drink and drive your snowmobile. Impaired ability is a contributing factor in most snowmobile accidents.

• Collisions with motor vehicles is the greatest single cause of snowmobile fatalities, so do not travel on public thoroughfares and only cross them, where permissible, with extreme caution.

• Do not snowmobile on ice-covered lakes and rivers without an intimate knowledge of local conditions.

• Snowmobiling on railroad tracks is illegal and extremely dangerous.

• The majority of snowmobile accidents happen at night, do not overdrive your headlights.

• When snowmobiling cross-country always use the "buddy system"; two machines or more in the group.

• Wear proper snowmobile clothing and an approved safety helmet at all times.

to the editor

SNOW REMOVAL

On Dundas Street snow has piled up on the sidewalks forcing the school children to walk on the highway to get to school. The highway is too dangerous and slippery to walk on in winter and endangers the lives of small children.

The school has let the pupils out early at noon to avoid heavy traffic but the purpose is defeated by children walking on the road. At 3:30 p.m. Ideal Vendors gets off work, school lets

out at the same time and the children are walking home on the highway in the traffic. I feel the Town should be more concerned with the safety of the children.

If the residents do not keep their walks shovelled then the Town should keep it plowed or shovelled.

The Town plows Main Street -- why not plow Dundas Street so children do not have to walk on the highway?

How about more opinions from some other parents?

Sally Vick

NOTICE

COUNTY OF HASTINGS

NOTICE IS HEREBY GIVEN that the Corporation of the County of Hastings will apply to the Legislative Assembly of the Province of Ontario at its next Session for private legislation to provide as follows with respect to the composition of and votes on the County Council in the year 1974 and subsequent years:

1. Notwithstanding subsections 1 and 2 of Section 27 of the Municipal Act, membership on the council and the votes of such members shall be as follows:

- Where a local municipality has less than 2,500 municipal electors, the reeve only shall be a member of council and shall have one vote.
- Where a local municipality has not less than 2,500 and not more than 5,000 municipal electors, the reeve and the deputy reeve shall be members of the council and each shall have one vote.
- Where a local municipality has more than 5,000 but not more than 7,500 municipal electors, the reeve and the deputy reeve shall be members of the council; the reeve shall have two votes and the deputy reeve shall have one vote.
- Where a local municipality has more than 7,500 municipal electors, the reeve and the deputy reeve shall be members of the council and each shall have two votes.

DATED at Belleville this 20th day of December, 1972.

RONALD W. CASS, Q.C.

27 Campbell Street,
P.O. Box 185,
Belleville, Ontario.

Solicitor for the Applicant.

Happenings DESERONTO

Mrs. Kay Hood
396-2119

The Presbyterian Sunday School concert was held on December 22nd at 7 p.m. First on the program was the whole Sunday School singing "Away in a Manger", and a few choruses they sing each Sunday. Next a "Welcome" given by little Keith Brooks, followed by recitations by all the little ones in Mrs. Jean Griffiths and Mrs. Kay Hood's classes. They all dressed up like Christmas boxes and marched around to the tune of "Jingle Bells" accompanied on the mouth-organ by Mrs. Griffiths. There was a short play called "The Grumpy Saint", by Mrs. Dorothy McCullough's class; one called "What is Christmas" by Mrs. Shirley House's class, and "A Little House in Bethlehem" by Mrs. Blake Moore's class. Clifford Maracle led in the singing of carols between the plays. Mrs. Griffiths read a

poem "I Am a Christmas Tree". While the offering was being received, Mrs. Moore sang "Silent Night" accompanied on the mouth-organ by her sister. Rev. Robert Jones said he was very happy to see so many parents, relatives and friends there to see the children perform. He then showed film strips, with the assistance of Mr. Henry Klaver. Very soon bells were heard outside announcing the arrival of "Santa". All the children received gifts and a bag of candy, thus ending a most delightful evening.

Christmas weekend guests of Mrs. Kay Hood and father Al Reed were Mrs. Violet Barbier, Kim and Peter, of Kingston. Peter was home over the holidays from Deer Lake in Northern Ontario where he is on the teaching staff at a Cree Indian school.

Other guests who called at their home were Mr. and Mrs. Ed Manion of Pembroke, who were recently married, and Mrs. Manion's parents, Mr. and Mrs. Reg Wagar of Deseronto.

Mrs. Jean Griffiths spent Christmas with her sister, Mrs. Marie Watson, in Napanee.

Mrs. Lottie Anderson spent the Christmas holidays with relatives in Lansdale.

Miss Gladys Pearase and Mrs. Dorothy McCullough spent the holidays with Mrs. McCullough's daughter Ann and family, Mr. and Mrs.

Lloyd Knapp and children of Brockville.

Holiday guests of Mr. and Mrs. Don MacMillan were Mr. and Mrs. Arnold Barkley and daughter Laurel, Mrs. Roy Barkley and Miss Peggy Barkley of Odessa.

Mr. and Mrs. Rusty Brant of Napanee, Mr. and Mrs. Leonard Foster and girls and Eric Herman spent Christmas with their mother, Mrs. Beryl Herman.

Mr. and Mrs. Boyne Hall and daughter Jayne of Ottawa, were Sunday guests of Mrs. Hall's mother, Mrs. Albert Walker and Mr. Walker.

Mrs. Beryl Herman and Rick spent New Year's in Napanee with her daughter Wendy Brant and Mr. Brant.

A New Year's party was held in the new council house at Tyendinaga, sponsored by the Council House Fund Raising Committee. This was the first party held in the upstairs part and it was a tremendous success.

A banquet for the A.A. group on New Year's Eve at the school, was well attended, and quite a success.

Mrs. C.F. Dimmell spent Christmas with her son and daughter-in-law, Mr. and Mrs. Norman Dimmell in Ottawa. Her grandson Peter and his wife from Gander, Newfoundland were also there, so she had a lovely visit with them.

The Tyendinaga Senior Citizens met December 28th at the Mahawk Recreation Centre for their first meeting. The president, Ada Maracle, opened the meeting and closed it with a poem that had been sent to her from the Senior Citizens, Rochester, N.Y. and wishing everyone a Happy New Year.

Five games of euchre were played with the following winners: -

Ladies 1st - Isabel Maracle;
2nd - Mary Brant; Con. - Helen Brant.
Gents 1st - Norway Maracle;
2nd - Melvin Maracle;
Con. - George Maracle;
door prize - Mark Maracle.

Thank you to Mary Brant for a donation of \$2.00.

Tickets sold on a centre-piece donated by Eva Maracle was won by John Maracle. Johnny Green was given the honour of drawing the ticket as he was the oldest member present.

The table for lunch was set up beautifully by Vellas Maracle and Marion Brant, with a white cloth and red napkins from Helen Dugan, N.Y., and the lovely centre-piece made and sent by Mrs. Prades, N.Y., silver candlesticks with red Santa Claus candles.

Grace was said by the president and all enjoyed a delicious lunch.

The next meeting will be January 25th.

OBITUARY

HENSHELL, Mrs. Sarah Lillian, of 49 Bentinck Street, Trenton, passed away December 22, 1972 at Trenton Memorial Hospital, in her 74th year. She was the beloved daughter of the late James Scero and the late Madeline Brant. Dear wife of the late John Henshell. There are no children; she was the beloved aunt of Evelyn (Mrs. Bert Ross) R.R. 2, Shannville, Madeline (Mrs. James Lucas) North Bay, Olive (Mrs. James Robinson) Winnipeg, Velma (Mrs. Reg. Tibbets) Kingston, Roswell Brant, Kingston and Francis Brant, Buffalo.

Mrs. Henshell was a member of the Crystal Chapter #20 of Trenton and the L.O.B.A. #604. Lodges had services in the funeral home on Saturday evening, December 23, 1972 at 8:00 p.m.

She rested at the White and Morris Funeral Home for funeral service December 26, 1972; interment Christ Church Cemetery, Rev. Cyril Betts officiating.

Pall-bearers were: Bert Ross, James Lucas, Albert L. Maracle, Melvin Maracle, Less Pritchard and Thomas Tinney.

"We Specialize in IDEA Printing - It Costs No More"

Deseronto Council

by Mrs. Margaret Jackson

WHAT COUNCIL DID

At the first meeting of 1973 held by the Deseronto Town Council on Tuesday, January 2nd, the councillors: -

- * heard from the Local Initiatives Program that the towns application had been received (this was for funds for a tree-cutting program) and would be given every consideration. Decisions to be made known as soon as possible.
- * were advised by Carl Bateman, Clerk Administrator of County Council that rebates for upkeep of County roads have been reduced 10% from 35 to 25%.
- * were advised that Mr. Earl Mackey had been appointed County Building Inspector. This will add no cost to the Municipality; permit fees will be paid to the County and expenses paid from those monies. Reeve George Lyons, County Council Member, stated that he was sure that the newly appointed inspector would report to the town more often and would be here to in-

spect buildings on request.

- * filed a letter from the Ministry of Industry and Tourism confirming the extension date (from Dec. 31st, 1972 to March 31st, 1973) covering Deseronto under the Equalization of Industrial Opportunities Program.
- * decided not to become a member of the Association of Rural Municipalities.
- * again chose Mr. Gerald Lott to be Deseronto's representative on the Napanee Region Conservation Authority, for the year 1973.
- * passed two by-laws (1) authorizing council to borrow \$125,000 to tide them over until 1973 taxes are collected (this is passed every year in case money is needed but has not been made use of for several years) (2) to update a previous amendment and the leading ruling No. 41 to cover the change in standing committees.
- * heard a request from the Lions Club asking for land at the East end of Main Street to be rezoned from residential to commercial for the purpose of building a Medical Centre. Council agreed to this and also to accept the survey findings of 1972.
- * accepted with regret the resignation of Constable M.C. Brennan from the local police force.
- * was informed that Mrs. Don Reid was having difficulties with a Mortgage Company over stipulations made by the town when selling her the property on which a \$35,000 house is being built. After considerable discussion (all members were anxious to see the Reids able

to continue with the building of their house) it was decided to inform Mrs. Reid as follows: "when Council receive a reply from their letter of November 28th, 1972 to Mr. Cass, Q.C. council will be willing to co-operate in this matter and will execute a legal document as advised by the town solicitor."

- * heard a complaint from Mrs. Sally Vick over lack of snow removal from sidewalks. She is concerned for the safety of children who are forced to walk on the highway due to sidewalk conditions. This matter was referred to the streets committee for attention.
- * referred to the Fire and Police Commission, a letter from Mr. Vern Harten, a resident of East Main Street who complained of discrimination with regard to car parking on streets. No cars are supposed to be parked on streets overnight during the winter months in order to facilitate snow removal operations.

However, Mr. Harten had been told to move his car while others across the road had been allowed to stay.

- * passed a motion that the P.U.C. be requested to meet with a committee of four members of council to discuss a survey of water outlets in the town.
- * approved payment of accounts for month of December, 1972 amounting to \$30,096.26.

MAYOR SHARPE'S INAUGURAL ADDRESS

The Mayor welcomed new members to Council and stated he was especially glad to see the return of Mr. A. Percy Brooks to Council, this time as Deputy-Reeve.

Rev. William Rowe, Minister of the Pentecostal Church then read a Scripture from Romans, Chapter 13, Verses 1 to 7 (which dealt with authority) and followed it with prayer, asking for blessing and wisdom for the coming year.

The Mayor thought the primary objective for 1973 should be the Water Filtration Plant. "It should be proceeded with carefully and always keep cost in mind." "During the election campaign some person had said that he could cut costs and taxes, and if such was possible he, (the Mayor) was all for it."

The Mayor mentioned that last year Senior Citizen

Housing was lost to us on account of our poor water and this kind of thing should not happen again.

He continued by saying that he would like to see Council bring in a sidewalk program this year. He felt a survey should be made of sidewalk needs, both repairs to existing ones as well as new sidewalks where there have been none, and the work done over a period of five years.

His next point was the need for a good town clean-up which he'd like to see commenced in the Spring. Regarding property owned by the Town - although there is not much left the Mayor would like to see it sold this year.

He continued by saying that he would like to see members of Council bring good clean decisions to the meetings, thus avoiding a lot of arguments on the floor and stressed the fact that co-operation and team work will get the job done.

The Mayor then recommended four members of council to pick the committees: namely, Reeve Lyons, Deputy-Reeve Brooks, Councillors McVicker and Dickinson. A recess was then called for to allow these four to make their decisions.

All-Indian Police Possible

The Association of Iroquois and Allied Indians at Brantford called for a meeting with federal and provincial police officials and representatives of the office of the solicitor general, to establish an all-Indian police force on Ontario reserves.

The Mohawks of the Bay of Quinte are members of the association, so that if the move brings official action, Tyendinaga Reserve could be policed by officers from the proposed all-Indian force.

It is proposed that the force should have distinctive uniforms and police training, with opportunities for advancement and adequate pay and pension plans.

The Association requested that the force operate under federal rather than provincial jurisdiction, since Indian affairs are administered under the federal Indian Act.

Recipe of the Week

The people of Scotland are Scottish or are Scots. They are never Scotch. That's the whisky Joe E. Lewis talks about.

And so, since Scotch is a whisky, how come Scotch Eggs, which has no trace of alcohol in it?

There's Scotch Broth, too!

Scotch Eggs - or Scots Eggs - is a great rainy-morning-in-the-kitchen kind of thing to prepare, because all the basic ingredients will be at hand. The recipe for serving them hot, with the mustard sauce, is a delightful party breakfast or brunch item.

SCOTCH EGGS (6 servings)

6 hard cooked eggs

1 pound pork sausage meat

2 tablespoons chili sauce

1 tablespoon Worcestershire sauce

3/4 teaspoon seasoned salt

2 teaspoons minced onion

2 eggs

1 1/2 cups fine dry bread crumbs

Cooking oil

Remove shells from eggs.

Combine next 5 ingredients.

Divide meat into 6 equal parts.

Flatten each on waxed paper

then shape around an egg,

covering it completely. Beat

the eggs slightly. Dip each

Scotch Egg in the beaten egg,

then roll in crumbs. Expect

this to be a bit messy on the

kitchen counter. Brown on all

sides in 1-inch hot cooking

oil. Cut in halves to serve hot

with a creamy mustard sauce

or cold on a cold meat plate.

CREAMY MUSTARD SAUCE

Combine 1 cup dairy

sour cream, 1 tablespoon each

of prepared mustard and minced

onion, 2 teaspoons steak sauce

and 1/2 teaspoon salt. - J.N.W.

Death

BRENNAN, Gerard Edward, R.R. 1, Marysville, passed away at Belleville General Hospital on January 3, 1973 in his 16th year. Dear son of Mr. and Mrs. Harold Brennan, R.R. 1, Marysville; dear brother of Vincent, Paul, Dennis, Carol, Lorraine, Catherine, all at home. Resting at White and Morris Funeral Home, Deseronto. Funeral mass will be held on Friday, January 5, 1973 at 10:30 a.m. at Holy Name of Mary Church, Marysville. Interment Holy Name of Mary Cemetery.

Letter

Dear Householder:

Although we have experienced this temporary complication, we are now established in our new office at Room 636, Confederation Building. The telephone number is 992-2114. With my additional staff and new facilities, I will be able to serve all of my constituents without delay. I would welcome anyone or any delegation who cares to visit with me in Ottawa.

I feel that all my correspondence and telephone replies are completely up-to-date. If by chance however, anyone was over-looked in the light of this temporary situation, please don't hesitate to contact me again. If I am not immediately available, either my wife, family or answering service at my home in Belleville will pass on any messages for immediate reply. The number is 968-5020. In addition, I can be reached at no charge, from nearly all points in the County by dialling the operator and asking for Zenith 12370. I would urge each and every one of the residents in the Riding to contact me if you feel you have something that might be of interest to me so that I might be of better service to all residents of the Riding.

Most problems are best handled by writing to me directly and by carefully spelling out all relevant details. Problems of a highly personal nature may be mailed to my home address: 48 Seleno Dr., Belleville, and will be treated in strict confidence.

My wife Jean and family join with me in extending our warmest wishes for the Holiday Season.

Seasons Greetings,
J.R. Ellis, M.P.

NEW POINSETTIA POPULAR AND LONG-LASTING

The poinsettia is known as the Christmas flower that blooms until Mother's Day.

The new varieties have more flowers on shorter stems, and bloom for weeks instead of days. The plants can also be put outdoors in the summer, and, given the right care, will bloom a second time.

Poinsettia are easy to keep in the home if you follow these few simple rules:

(1) Place the plant away from drafts, or excessive heat in moderate sunlight, at a room temperature of 70°.

(2) Poinsettia can be watered from the top or bottom but they should never be allowed to dry out, especially during the peak blooming period.

Deseronto Ratepayers

— by Mrs. Margaret Jäckson

On June 7th, 1972 the D.R.A. held its first meeting reactivating the Association after a lapse of almost 7 years. During the balance of 1972 eleven meetings were held and the following is a partial summary of their accomplishments.

General Carpentry
Home Improvements
Plumbing

P. G. KIRBY

Dealer for

stelco siding

It Lasts & Lasts & Lasts

349 Stanley Ave., Deseronto

* Mr. Charles Colby of Hissey and Barrington was present at meetings held during his stay here and was grateful to have somewhere to come to hear the complaints of the people. This "sound-ing board", as he put it, enabled him to do a much better job as liaison officer between the Town and Ministry of Environment. In turn the ratepayers were glad to have him present to answer complaints, and with his assistance were instrumental in having St. George St. paved from Thomas to Dundas streets as well as the sidewalks repaired.

* The Association was also responsible for getting action on the repair to the clock on the Post Office building. Some difficulties arose when further glass in the clock face

was broken during a storm but the Association has been informed by the Department of Public Works that Mr. Latt has assured them that the clock will be in working order at the end of December, 1972.

* A "Meet the Candidates" night was very well attended and obviously successful. This encouraged people interested in Municipal Affairs and elections.

* Action was started on location of High School Bus loading zones which were causing considerable problems from a safety standpoint, for students, drivers and pedestrians alike.

* Made a request to the town for a proper survey of water users to be made so that the P.U.C. might better determine their method of billing.

* Invited the Mayor, Reeve, Clerk, all members of Council, and the P.U.C. Commission, to attend any or all meetings of the Association.

* The Association joined others in questioning the future status of Highways 2 and 502.

The D.R.A. was responsible for bringing many items of Municipal concern to the attention of the general public and encouraged interest and concern in all facets of local government. Although the tangible accomplishments may not seem too numerous, it is well recognized that during its few short months of oper-

ation the Association acted as a valuable information centre for citizens of Deseronto, both members and non-members, by directing them to the proper authorities to deal with their particular problem. The D.R.A. has overcome several obstacles and plan to continue their efforts in 1973 holding their first meeting on Wednesday, January 10th, 1973.

It is hoped that the above will encourage many others to show their interest by attending future meetings.

Picton's Regent Theatre closed as of December 31st, 1972. Miss Louise Cook said that the theatre could no longer compete with the other activities in the area.

The theatre was built 50 years ago by Miss Cook's father. At that time it had 1200 seats and one of the largest stages in the province.

Although regular use of the theatre is over, the building will remain and will be available for special bookings.

Mr. Alexander Moffat, county engineer for Lennox and Addington since 1956, died suddenly on Wednesday, Dec. 27th in hospital at Napanee. Mr. Moffat was 52, and an engineering graduate from Queen's. He is survived by his wife Dorothy and five children.

Prince Edward County school children had an unexpected extension to their Christmas holidays when freezing rain caused the cancellation of school bus services on the last day of term.

Advertising directed at children in Quebec has been placed under the control of a new set of regulations which took effect Nov. 11, 1972. These apply to any advertising of a commercial nature of any goods, directed at children 12 years of age or younger. Unfair, false, deceptive or misleading representations are prohibited.

Harvey's Back In The Saddle

Mayor Harvey J. McFarland is back in the saddle in Picton, and the sparks were flying within minutes of the start of the inaugural meeting of the new council last Monday. After the new mayor and councillors had been sworn in town clerk Andrew Jarvis presented a motion that the minutes of the last council meeting be approved as a true record of the proceedings of the meeting.

Mayor McFarland tore up the motion to adopt the minutes of the meeting, because he did not agree with some of the decisions made. He also refused to sign the minutes. Mr.

Jarvis promptly resigned his position as clerk, and left the council chambers saying that there were certain procedures that should be followed.

The inaugural meeting dissolved in chaos, and was not resumed until Thursday night. However, when Thursday night came the Mayor and Mr. Jarvis settled their differences. Mr. McFarland, who was elected Mayor of Picton for twenty consecutive years, finally signed the minutes of the December council meeting after town solicitor Jack Ward explained that the signing of the minute book only indicated they

were an accurate record of the meeting, and that council could review any decision made by a past council.

There was a good crowd of spectators at both meetings, including Margaret Ackerman, the previous mayor of Picton.

The whole issue arose over the construction of 126 feet of road to an apartment building which is just over the town border. The previous council voted to build the road, Mr. McFarland with his experience in the construction business says that the estimated cost of the work is too low.

Deseronto police accused of discrimination

A complaint about the way in which the Deseronto police force carries out its duties was recently made to the Ontario Police Commission. Deseronto council has received a letter from the commission asking that Chief Beattie should make a detailed report about street parking in the town.

The complaint, charging police discrimination, was lodged by Mr. Vern Harten, who claims that neighbours across the street have been treated differently than he has.

The dispute arose over the enforcement of the town's by-law regarding overnight street parking during the winter months. Cars parked at the roadside impede snow removal. A clause in the bylaw states that the enforcement of the regulation is at the discretion of the chief of police.

In an interview today, police chief Beattie told the Scanner reporter that he had asked Mr. Harten to remove his car which was parked in a position where it would interfere with snow removal. The neighbours across the road had also parked their cars on the street, but they were positioned so as not to impede snow removal, so Mr. Beattie did not ask that they should be moved.

Mr. Harten felt that this is unfair, and that he was being discriminated against, he therefore complained to the Ontario Police Commission.

Mr. Beattie told council that he had already made a full report of the incident to the Ontario Police Commission.

Jamboree 73

Deseronto Lions Club are to hold their annual Jamboree and Barbeque in the Town Park on June 28th, 29th and 30th.

They have already applied to council for permission to use the park, and their request was granted at this week's council meeting.

Quinte

News

Round
Up

Napanee residents are to have one more warning before the bylaw banning winter overnight street parking is strictly enforced. During the winter months roadside parking makes snow removal difficult; so far the police have not been enforcing the bylaw, but will do so in future.

Mr. Eric Kaiser, R.R.

#3 Napanee, has been appointed to the Ontario Egg Producers' Marketing Board.

The Hay Bay farmer manages a flock of 110,000 laying hens, and has been in the egg business for 30 years.

The purpose of the board is to maintain the price of eggs at a profitable level for the farmers. Mr. Kaiser says that co-operation will lead to the success of the new egg marketing plan.

Pictou Police Commission has called upon Town Council to consider enlarging the offices on Ross Street. At present the 8 man force, and their secretary occupy cramped quarters next to the Fire Hall. It has been proposed that all the fire offices be moved upstairs so that the police offices on the ground floor could be enlarged.

The first function of the Lennox and Addington County Council in 1973 was to pay tribute to the memory of Alex-

ander Moffat.

Mr. Moffat, 52, had served as County Engineer since 1954. He was a well known, life long resident of the area and died suddenly on Dec. 27th, 1972.

Saturday March 31 will be the date of the first Science Fair to be held in Prince Edward County. The fair is planned as an annual exhibition of students experiments, collections or scientific projects. The event is to be held at Prince Edward Collegiate Institute and is to be jointly sponsored by the school's science department and the Pictou Kinsmen Club.

Lennox and Addington county council may change their policy with regard to charitable grants. The council voted against giving grants to such organisations as the Canadian National Institute for the Blind and the 4-H clubs. Such organisations then had to petition each municipality individually for funds. Council has agreed to study the matter further.

Canada's New Order of Military Merit, created earlier this year, has been given

to 92 persons, two of whom came from Pictou. The two Pictou men are Master Warrant Officer Howard Clark, now serving in Europe, who received the award for outstanding military contribution and professional dedication to duty, and Corporal D. A. Claxton of Pictou, serving at Trenton. He received the grade of member for leadership beyond the standards of his rank and experience and for setting an outstanding example in his trade.

At Napanee Town Council's inaugural meeting last week, Reeve Glenn Herring-

ton was again appointed chairman of the finance committee. Other members of the committee are Deputy Reeve Ernest Marshall, and Councillors Reg Vick and Clarence Milligan.

Prince Edward Collegiate Institute safety quiz team won their first inter-school competition this year when they defeated the team from Quinte Secondary School, Belleville, 200 to 100.

The team from PEI has been very successful in the competition in recent years, and were provincial champions last year.

NOTICE

COUNTY OF HASTINGS

NOTICE IS HEREBY GIVEN that the Corporation of the County of Hastings will apply to the Legislative Assembly of the Province of Ontario at its next Session for private legislation to provide as follows with respect to the composition of and votes on the County Council in the year 1974 and subsequent years:

1. Notwithstanding subsections 1 and 2 of Section 27 of the Municipal Act, membership on the council and the votes of such members shall be as follows:

- (a) Where a local municipality has less than 2,500 municipal electors, the reeve only shall be a member of council and shall have one vote.
- (b) Where a local municipality has not less than 2,500 and not more than 5,000 municipal electors, the reeve and the deputy reeve shall be members of the council and each shall have one vote.
- (c) Where a local municipality has more than 5,000 but not more than 7,500 municipal electors, the reeve and the deputy reeve shall be members of the council; the reeve shall have two votes and the deputy reeve shall have one vote.
- (d) Where a local municipality has more than 7,500 municipal electors, the reeve and the deputy reeve shall be members of the council and each shall have two votes.

DATED at Belleville this 20th day of December, 1972.

RONALD W. CASS, Q.C.

Happenings DESERONTO

Mrs. Kay Hood
396-2119

Mr. & Mrs. Clarence Allison and Mrs. Robert Way of Picton spent Wednesday at the home of Mrs. Sam Geddes of Mill Street, Deseronto.

The Deseronto Branch of the Red Cross Society met at the home of Mrs. Evelyn Stuart on Wednesday, Jan. 10th at 2:30 p.m.. There were fourteen members present. In the absence of the president, Mrs. Vera Ryan, the past president Mrs. Gordon Walker chaired the meeting. She thanked the hostess for opening her home for the meeting and said she was happy to see so many there. Minutes and correspondence were read by the secretary, yearly reports were given by the various committees.

Mrs. Jean Griffiths - Loan cupboard, reported 10 articles were loaned out over the year with some still in use. Mrs.

Frances Tronure was happy to announce there was no disasters to report, Mrs. Walker in charge of "Women's Work" thanked all those who had done knitting, sewing, etc. during the year. An order was made up for supplies for 1973, yarn, girls dress sets and other articles which the ladies work so faithfully at, and which are very much appreciated by the ones who receive them, in Vietnam and other places.

Mrs. Kay Hood reported on Senior Citizens - 283 cards such as birthday, get-well, valentine, easter and christmas were sent to shut-ins and hospitals. Flowers, candy, fruit, and other gifts were also sent at Christmas time. Deseronto can be proud of their RedCross group, who are very active and always ready to give a helping hand.

The Presbyterian W.M.S. and Ladies Aid held their meeting on January 11 at the home of Mrs. Don MacMillan with 8 members present. The president opened the meeting with the singing of the hymn "We've a story to tell to the nation."

Mrs. Blake Moore led in prayer. Mrs. Kay Hood was in charge of the Mission Study on "Christianity in India", and gave various readings from the study book, also on one of the Presbyterian missionaries, Margaret Kennedy.

The ladies were reminded of the W.M.S. annual meeting at St. Andrew's Church in Belleville on Jan. 17th. Minutes were read and approved and roll call taken. Mrs. Jean Griffiths read a poem called "My New Year's prayer" and Mrs. Hood one called "Happiness." Everyone enjoyed a solo by Mrs. Moore called "Living for Jesus."

In the business portion it was decided to have a Rummage Sale, April 28th. Next month each one was asked to bring a small item to "auction", proceeds for missions. After the meeting the hostess and committee served a delicious lunch, with a surprise birthday cake in honour of Mrs. Beryl Herman, whose birthday was on that day. All sang Happy Birthday and a social hour enjoyed by all.

Work has already started on Deseronto's new medical centre. The machines moved onto the site last Wednesday and are now digging the foundation for the building.

Gardening

Trees and shrubs are extremely tough. They can be weighed to the ground with heavy loads of snow or ice and still return to their original shape in the spring. However, in some cases, branches may be broken and the plant twisted out of shape. A damaged shrub will take several years and careful pruning to return it to its original condition.

To avoid such damage, it is a good idea to carefully remove the ice and snow. Snow can often be removed by gently shaking the bush. Ice is more difficult to remove, particularly on young trees. Wait until the ice starts to melt, then shake it off and return the bush to its natural shape.

Whether the problem is ice or snow, remember to treat bushes and trees gently. During the winter, trunks and branches are very brittle and break easily.

Mr. & Mrs. Frank Hutchinson and Mrs. S. E. Winter, Napanee were Friday evening dinner guests of Mr. & Mrs. Harold Winter.

eggs

The best egg buy depends upon the season and supplies. When the new flocks start laying, the new eggs are usually in heavy supply. There is a period when medium eggs are plentiful, and then the large eggs follow.

Since eggs are actually sold by weight, cost per ounce may be worked out to help you decide which size is most economical at any specific time. The minimum weight for a dozen extra-large eggs is 27 ounces; for large, 24 ounces; for medium 21 ounces; and for small, 18 ounces.

Food specialists generally agree that a 7 cent spread between sizes will give approximately equivalent price per pound for any size. For example: if the difference in price of large eggs and medium eggs is more than 7 cents a dozen, the medium eggs would be your best buy.

Mr. McFarland left the puzzle with the council last Thursday evening, while implying that he has the answer to the riddle.

Provincial Court Judge James Clendenning ruled that the charges laid against Triad Truckways and Lake Ontario Cement under the Environmental Protection Act were beyond the jurisdiction of his court.

The companies are charged on two counts concerning the noise produced by a loader. Attorney David Estrin acting on behalf of Aubrey Golden in representing the Environmental Law Association said that the province of Ontario is likely to consider an appeal to uphold its own legislation.

A five and a half month old Picton filly has settled down in her new home in the English countryside. June's Bouquet, a Palomino American Saddlebred was purchased by C. B. Norris from her breeders, Culmer Stables in Picton. She was flown to England at a cost of approximately \$1000, to become one of the few Palomino saddlebred horses in the country.

High rabies incidence in Frontenac, L-A

Following close on the heels of last week's announcement that free clinics for anti-rabies vaccination for pets are not scheduled for Lennox and Addington county this year, comes the news that two dogs were destroyed in Enterprise last week, both had been bitten by a rabid fox.

Mr. Ronald Shaw of R.R. #1 Enterprise had to shoot his valuable, registered blue-tick hound, and a German

Shepherd pup. Mr. Shaw commented that farmers receive compensation for animals which are lost to rabies, and he thinks compensation should also be available for valuable dogs who have to be destroyed because of the disease.

After a relatively rabies-free summer, eleven confirmed cases have been reported in the Frontenac, Lennox and Addington area since mid-November.

Good Accident Record For Quinte Industry

An encouraging reduction in the number of industrial accidents in the Quinte area has been shown over the past year.

Chairman G. A. Callan of the Central Ontario division of the Industrial Accident Prevention Association made the report at a senior management meeting held in Belleville.

A highlight of the even-

ing was the presentation of a plaque to Lake Ontario Cement Ltd. in recognition of 1 million accident-free man hours.

Plant manager John Clarke accepted the plaque from Mr. J. V. Findlay, the quest speaker for the evening. During his address Mr. Findlay emphasised that the best way to avoid accidents is to eliminate the causes.

Resigns in Protest at Treatment of Retarded

Mr. Peter G. Donnelly, a professional in the field of mental retardation has resigned from his position as director of training and rehabilitation at Prince Edward Heights. The reason for his resignation was that he could no longer support the "new and exquisite form of institutionalization" which is being developed at the provincial government's village complex for the retarded in Picton.

In a letter to a local newspaper Mr. Donnelly explained how many intellectually handicapped people are kept indefinitely at Prince Edward Heights, when they are capable of leading freer, more independent and more human lives, given appropriate training. It costs the taxpayer \$12,000 per year per resident to keep these retardates at the complex. He says that the longer they stay the less likely they are to learn to cope with the normal world.

Compared to many mental institutions. Prince Edward

Heights is Utopia. Mr. Donnelly claims that living in Utopia can also make individuals unfit to cope with the outside world.

He also stated that when he took up his position at Prince Edward Heights he was given the following objectives: Fill 400 beds; provide total health and personal care with 100 percent certainty that every real or assumed physical or health need is being met totally; provide total custody so that at every moment every resident will be under the supervision of staff; and, if and only if these items are totally in operation may there be any efforts at rehabilitative programming.

Mr. Donnelly spent two years at the complex striving for change from within the system. Now he says "I can do no more. For the sake of the many retarded persons, both the young and the more mature for whom a life of greater freedom and independence is possible, I truly hope that some change is possible."

Deseronto Council

WHAT COUNCIL DID

by Mrs. Margaret Jackson

At the meeting of the Deseronto Town Council in the council chambers of the Town Hall Monday night, the councillors:

- Turned over to the Finance committee for attention, a letter from the Salvation Army seeking the usual annual grant given by the Town for their social work.

- Heard from Town Solicitor, Mr. Boyle, concerning the agreement between the town and Cablevision. He recommended some changes to the agreement, to protect the town, and it was decided to have a committee of three meet with the P.U.C. and that no agreement was to be signed until this committee and the P.U.C. had come to an agreement.

- Decided to follow the town solicitors suggestion to amend the zoning bylaw as it pertains to residential property, by adding "Clinic" to the list of allowed uses. If this is approved by the Ontario Municipal Board it will eliminate the need to rezone the land to be used by the Lions club for a Medical Centre.

- Heard a request from Mr. Ralph Lawlor for a tree to be removed that had been split during a recent wind storm and since cabled together by the streets foreman.

- Carried a motion that all monies collected and held by the Deseronto Recreation Committee be deposited in a Bank Account in name of the Deseronto Recreation Committee; signing officers to be one member of Council and on citizen that are members of the Recreation Committee.

- Granted permission to the Deseronto Recreation Committee to spend up to \$240 for purchase of Hockey sweaters for the use of four teams.

- Heard the following recommendations from the streets committee:

1. That a survey of Highway No. 2 be made in accordance with the request of the Ministry of Transportation and Communications and that the said Ministry be requested to recommend and engineering firm to do the survey; this work to be covered by the usual subsidy.
2. That the Town of Deseronto apply for Provincial - Municipal Employment Incentive Pro-

gram 1972-73 for the employment of four men to be used in the construction of sidewalks between April 15th and May 31st, 1973.

- Carried all motions made covering the above recommendations, but not until after considerable discussion and deliberations over recommendation 3.

- Agreed to accede to request of Chief of Police for a meeting with the Committee as a whole, next Tuesday, Jan. 23rd at 7:30 p.m.

- Set the date for a meeting between the Constables and the Police Committee, Thursday Jan. 18th at 7:30 p.m.

- Heard that the first P.U.C. meeting of the year is scheduled for Wednesday Jan. 17 at 7:30 p.m.

- Was glad to hear from the Reeve that Town planners are meeting with the County Council on Wednesday of this week, and that an official town plan for Deseronto will be submitted in approximately 2 months time.

- Rescinded motion carried at last council meeting, accepting Constable Brennan's resignation. He has since found suitable accommodation and asked to be re-instated in the local police force.

- Had it drawn to their attention by chairman of Police and Fire, that the contract to supply Tyendinaga Reserve with fire protection, runs out on the 20th of this month and as yet no word had been received from

the Reserve Council. It was decided to continue with existing arrangements until next meeting of council and in the meantime a letter will be sent to the Tyendinaga Reserve Council asking if they wish to continue with the fire protection from Deseronto.

NEW MACHINES FOR DESERONTO

Deseronto is to acquire a new back hoe to replace the old machine which is presently in use. Council has authorised the purchase of a machine from Alton Hadley Ltd. The back hoe is almost new, and was repossessed by the company. The cost to the town will be \$8,000 trade-in price. A power roller is to be bought as well, for use on sidewalks as well as roads.

I Glow Where You Glow by Del Wannemaker

The Ontario government is still following where the U.S.A. leads. The minister of Transportation and Communications has announced that Ontario drivers may have fluorescent car licence plates within three years. The United States began issuing such plates this year in some states, in order to improve the visibility of licence plates and contribute to safety on the roads. Strange as it may seem, the Ontario government had the choice to use fluorescent plates three years ago. At that date they turned down the opportunity.

Which only goes to prove the old adage, "Monkey see, Monkey do."

From the Pulpit

by R.E. Masters of the
Deseronto Pentecostal Church

Text: Acts 9:1-30

Title: The Great Conversion

In this text we read of the conversion of a man who opposed everything and anyone

that was for the Lord Jesus Christ. The conversion of this man was the event of supreme importance in the history of the Church - and thus the world.

So strong and powerful are the effects of this man's conversion that the story is repeated three times in Scriptures (Acts).

We find as we read these Scriptures that it is a story of deep significance in this present day.

Here Saul of Tarsus (the apostle Paul) was going to come to the saving knowledge of Jesus Christ. Paul had an unusual personality that was

interesting, compelling and forceful.

Paul had been a striking example of the truth that a man may be sincere and moral, even intensely religious, and yet still be stained with guilt.

So zealous was he in the faith of his fathers, and so certain that he was doing God service, that with no qualms of conscience, he arrested, tortured and caused to flay - here all who accepted the new faith in Christ, and he also gave his vote as a ruler to have new believers put to death.

So fanatical was his zeal

that Paul even pursued them to foreign cities.

At the time of his conversion, Paul and his companions were on the way to Damascus with signed orders to kill new Christians. Suddenly a light shines far more brilliantly than the sun, and Paul and his party fall to the ground. It was in that bright light that Christ revealed Himself to Paul. In an instant Paul knew the truth. He knew that Jesus was the Divine Son of God. Paul was turned from opposing Christ into serving Him with the same fervor that he opposed Him.

Reader, I challenge you to read the above text and the rest of the book of Acts. What Christ was able to do for Paul - He will do for you!

Maple Syrup

The 1973 maple syrup season is fast approaching and maple syrup producers are beginning to think and plan for the maple syrup harvest.

To keep producers up-to-date on maple syrup technology, a series of Information Meetings will be held at 13 locations in Ontario. These meetings are sponsored by the Ministry of Agriculture and Food, the Ministry of Natural Resources, and the Ontario Maple Syrup Producers' Association.

The subjects under discussion will include "Problems in Maple Syrup Production", by a panel of maple syrup producers, "How the Recreational Aspect Can Increase a Maple Syrup Producer's Income", by W. A. Humphries, and "Maple Bush Management Assistance Available from the Ministry of Natural Resources", by E. Danes. A film called "Ontario Maple Syrup Producers" will be shown at all meetings. This film was produced by the Information Branch, Ontario Ministry of Agriculture and Food, and shows how several modern maple syrup operations work.

The Maple Information Meetings are a good place to begin planning for your spring harvest. Plan to attend the meeting in your area, on Feb. 9th at 10 a.m. at the New Westminster Church, Wallbridge Rd., Belleville.

Second Class Mail - Registration No. 1738 Deseronto, Ontario Wednesday, January 24, 1973

Volume III No. 20

Work is progressing on the new Medical Centre for Deseronto, the excavations are well under way and construction is to begin as soon as possible.

New Proposals For Crown Land

The Ministry of Natural Resources are considering a change in policy with regard to camping on crown land. At present the policy provides for camping on suitable crown land, free of charge for a maximum of three weeks. However, problems arise because of this, particularly in sanitation and garbage disposal, and in conflicting

use of the land.

The proposed changes would designate crown lands as open zones, where camping anywhere is permitted, closed zones with no camping allowed, because of conflict with other users, and regulated zones with camping restricted to designated sites where basic toilet and garbage facilities will be provided.

An annual fee of \$5.00 would be charged for Canadian residents camping on crown land and \$25.00 for non-residents. All ministry offices would issue permits.

Since this is only a proposal at present, and the public are asked to consider the matter and write to Mr. D. E. Gage, District Forester, Tweed.

Ellis' Maiden Speech

Following a strong attack on the Industrial Development Bank in his maiden speech in Parliament on Tuesday, January 16th, Jack Ellis, M.P., Hastings brought before the House of Commons a motion to increase the limit of small business loans from \$25,000, to \$75,000, to-day.

Speaking to the motion, Mr. Ellis said that the main reason for bringing forward the motion was to allow a different avenue for small businessmen who need capital to establish or expand a business. In this modern day, \$25,000, which is the maximum now allowed under this legislation, is not enough to allow for any significant business expansion, he said.

Loans under the act may be used for any type of business. Rural general stores, vacation resorts, lumbering, motels, garages, cleaning establishments, are a few of the usual uses.

The Industrial Development Bank which Mr. Ellis pointed out, takes far too long to approve or deny loan applications could now be challenged in a much longer way by the chartered banks if this legislation passed.

Picton decision delays case

The recent ruling by Provincial Court Judge J. L. Clendenning of Picton, has caused repercussions in the Ministry of the Environment.

Judge Clendenning ruled that Ontario had no right to decide on noise pollution charges under the provinces environmental protection act since the offence comes under section 14 of the act, which according to Judge Clendenning is a federal matter.

Mr. Jack David, federal environmental minister said that Environment Canada does not relish the idea of coping with

the bulk of environmental problems all over Canada. Ontario's Environment minister James Auld said that the Ontario government does not now know where it stands on pollution programmes.

The matter may be referred to the Supreme Court, although the normal procedure is to deal with such matters in the provincial courts. Justice Minister Otto Lang told the Commons that he will consider Judge Clendenning's ruling and consult with federal and provincial Environment Ministers before deciding whether or not to refer the matter to the Supreme Court.

Napanee Police Report

The Ontario Police Commission has recommended that Napanee's police force should be administered under a board of commissioner's to reduce political interference. This means that the force was no longer under the supervision of a town council committee.

Mr. F.J. Taylor, who used to be chief of police for Trenton, and who is new with the OPC conducted the investigation. As a result of the survey they produced a 31 page report on the police service of Napanee.

Other recommendations in

the report are that the seven man force should be increased to eight officers, that all personnel should have training opportunities at the Ontario Police College, and that council members deal with complaints about officers through the police chief.

However the police chairman, Cecil Baker, feels that the formation of an independent police commission would not eradicate interference from council member who, according to Mr. Baker think they have the right to dictate to the policemen.

News

Round

Up

Post offices in this area were affected by the Toronto mail strike last week, when no mail from Toronto arrived for distribution because of the postal workers strike. The wildcat walkouts at Belleville, the distribution centre for the area, affected Napanee last Wednesday when all incoming mail was cut off. However, by the end of the week it was work as usual for Belleville post office, although the backlog of mail caused by the strike in Toronto will take two or three days to clear.

Reeve Bruce Weese of Camden, new warden of Lennox and Addington is in favor of municipal consolidation and cost sharing in the county. He sees the county welfare and library systems as the first steps towards consolidation. In Mr. Weese's view the greatest benefit would be derived by sharing the cost of machinery and equipment for the maintenance of county roads.

A representative of Natural Resources Minister Leo Bernier says that the whole question of sand quarrying near the Sandbanks Provincial Park by Lake Ontario Cement, should be resolved within the next couple of weeks. No sand has been removed from the 16 acre site since September, and the stockpile at the plant is still holding out.

About 75 per cent of the cable line for the Napanee - Deseronto cable TV network has been installed in the town of Napanee. The TV tower just south of Napanee has been completed and the control building is almost finished. The new service should be operating in Napanee in about a month. The service will be extended to Deseronto within the next two years.

Motorists who fail to stop for school buses that are loading or discharging students are giving problems to the O.P.P. around Picton.

Safety officer for Hastings and Prince Edward, Constable Don Watt, said that the stretch of Highway 33 between the town limits and Waring's Corners is particularly bad. So far the police have been warning violators, but from now on they intend to take action. The minimum fine for failing to stop for a school bus that is loading or discharging is \$20.00.

Richmond Township officials are waiting for the results of a court decision on the ownership of the Lennox Trailer court, before issuing a licence. Both Norman Robertson and Rita Armstrong have applied for a licence to operate the court. The decision is expected next month.

up residence on the property of Bob McGeachie in Wollaston township, Hastings County. This is probably the only one of its species in the county, the nearest bald eagles known is the area are 40 miles northeast in Renfrew County. The bird, which has a seven foot wingspan, is the first living bald eagle that Bob, an outdoorsman all his life, has ever seen.

Approximately 450 Quinte area farmers attended this year's four-county farm conference at the Club Canara in Belleville last week.

The theme for the conference was planning for the future.

ure, and discussion covered land usage, silos and artificial insemination. Many distinguished visitors addressed the farmers, including specialists in dairy and beef farming and experts from Guelph and Ottawa.

No firm agreement has been reached so far between Loch Say Holdings and Skylight Homes, the plastic housing firm which plans to locate in Prince Edward County. The reason for the delay is unknown to Mr. William Duggan, director of economic development in the county, but

349 Stanley Ave., Deseronto

The ladies of the church served coffee in the morning on the arrival of out of town delegates at a delicious luncheon at noon and tea and cookies in the afternoon.

Several ladies from various churches gave a lovely performance of the "Sari Dance". Guest speakers were Mr. and Mrs. F.A. Beeby of Belleville, who recently returned home from India and the Philippines. They showed very interesting slides taken while they were in India.

Mrs. S. Wessman and granddaughter Miss Judith Brennan of Belleville, were Saturday guests of Mrs. J. Hines on Mill Street, Deseronto.

Congratulations to Mr. and Mrs. Norman Armitage on their Golden Wedding Anniversary.

A special meeting was held on Tuesday evening January 16 at the school, at which the following Brownies of 2nd Deseronto Pack, "Flew-up" to Guides: Kelly Shea, Shauna Cassidy, Karen Morris, Cathy Lawlor, Shelly Ziemann and Donna Fingland.

Also 8 guides enrolled in the 2nd Deseronto Company - Charlotte Kemp, Pamela Hodges, Ellen Hartwick, Wendy Reid, Loretta Mowers, Ann Mowers, Gloria Mowers and Stephanie Boomhour.

NOTICE

The Scout group committee will be having a Rummage Sale next to Kortens's store on January 26 and 27th.

CWL

The January meeting for the C. W. L. of St. Vincent De Paul parish, Deseronto was held at the home of Mr. and Mrs. Leo Palmer on January 17.

This date was the 51st anniversary of the organization of the C.W.L. in Deseronto, so a pot luck supper preceded the meeting.

Father G. Vander Heijden and the husbands of the members were present. The delicious meal was enjoyed by all.

A short business meeting followed on February 4 an ecumenical service will be held at the United Church. The World Day of Prayer service will be held at St. Vincent De Paul Church on the afternoon of March 2nd. The theme will be "Alert in Our Time".

The February meeting will be at the home of Mrs. M. Sherman.

The remainder of the evening was spent by playing cards.

Quinte Old Timers

The Quinte Old Timers held their meeting on Wednesday, January 17th at the Lions Hall. There was a large number present and several new members enrolled. The president Gordon Walker opened the meeting with a few words of welcome. Two delegates to a meeting held in Napanee - Father G. Van Der Heyden and Mr. Joseph Reynolds gave their reports. Rev. Cyril Belts gave a very interesting explanation of "New Horizons". Mr. Jack McEwen showed movies on trips he had taken including some pictures of the Quinte Old Timers picnic, held at Mr. and Mrs. Gordon Walker's cottage at Beaver Lake. Refreshments were served by the committee. Although lengthy, it proved to be a very enjoyable afternoon.

BRING COLOR TO WINTER GARDENS - FEED THE BIRDS

Many home gardens look drab during the winter months. A bird feeder in the yard, near a convenient window, can add a touch of brightness as well as being interesting and educational.

During the early winter months, birds feed on the weed seeds in fields and back gardens. But as the snow piles up, these sources of food are buried. A feeder will attract many different birds such as blue jays, chickadees, cardinals, juncos, and possibly some that you haven't seen before.

A mixture of feeds helps the birds through the winter. Suet, raisins, any of the cereal grains, corn or sunflower seeds are bound to attract a wide variety of birds. There are also several mixtures of wild bird seeds available.

If you plan to set the feeder on a steel or wooden pole, make sure the feeder is about 6 feet off the ground. Squirrels also like the feeds and will "take over" your feeder. Steel poles are excellent to prevent this, since they cannot get a grip. If you use a wooden pole, fasten a sheet-metal cone around the pole about 5 feet up, so they cannot climb any further. Besides the interesting winter birds, your feeder will attract sparrows. Don't discourage them because they'll be around next spring eating insects and garden pests when things begin to grow again.

CANADA PACKER'S EUROPEAN CUISINE COOKED MEAT

About 25 teachers and administrators of the Hastings-Prince Edward separate school board have once more chartered an aeroplane to fly to Somerville N.J. In order to purchase school texts and library books from a publishing firm there.

The annual haul of protest has gone up from Canadian publishers, but the board says that the books cost 38% more in Canada, and that by buying in the U.S. they are able to obtain about \$7,500 worth more books than if the same amount of money was spent in Canada.

A barn in Waupoos was completely destroyed by fire last week, causing an estimated \$10,000 worth of damage. The cause of the fire is unknown.

One ewe and a lamb died in the flames, the rest of the flock was herded to safety, also a considerable quantity of hay and straw was destroyed as well as a combine and a bailer.

The barn was the property of George Rose, R.R.#4 Picton.

The public are warned to beware of weak ice on Varty Lake, caused by dynamiting beaver dams. Warden Weese said the dams were blasted to prevent the rapidly rising water from flooding nearby roads and cottages.

being shown in the second snowmobile-a-ton sponsored by Athol Recreation Committee Sunday, February 4th.

A forty mile scenic route has been laid out and will be well marked. The event is not a race, prizes are to be awarded to those who raise most money. Forms for pledges are available from Clifford Fennell, Cherry Valley, or Leland Ostrander at Sharpe's Motors, Picton. Entrants must have at least \$5 in pledges.

There have been 12 motor vehicle collisions in the Napanee OPP area recently. Six persons required hospital treatment for injuries. A spokesman for the Napanee OPP detachment warned that motorists must adjust their driving to the weather and traffic conditions.

Dan Nielsen, Prince Edward County farmer told Picton Rotarians last week, that if Canadian farmers were organized they would wield unmatched power, because 40 per cent of the country's labour force is employed in agriculture.

Obituary

FOOTE - Mrs. Evelyn (Brant) died on Tuesday January 16th 1973 at the Lennox and Addington County General Hospital after a short illness. The daughter of the late Herbert Brant and Margaret Alice Blanchard. Mrs. Foote was born on Tyendinaga Reserve and was a lifelong resident of this area. She is survived by her husband Harold, and two daughters, Mrs. Beverley Marion of Hamilton and Mrs. Shirley Maracle of Shannonnville and by two brothers and four sisters. The funeral took place on Saturday January 20th at Christ Church, with Rev. Cyril Betts officiating. Interment at All Saints Cemetery, six nephews were pall bearers.

BRANT - George Douglas. A native of Tyendinaga, Mr. George Douglas Brant, 56, died January 10th, 1973 at Buter Drive, after a short illness. Mr. Brant was the son of the late Mr. and Mrs. Marcus Brant, and spent most of his life in Deseronto. A former employee of General Motors, he later became a social worker for the American Indian Services. Mr. Brant served overseas with the

U.S. Army during the second world war. He is survived by his son Douglas of Detroit and by one brother and four sisters all of whom live in the U.S.A. Mr. Brant rested at the White and Morris funeral home and the funeral took place on Jan. 15th at Christ Church with the Rev. Cyril Betts officiating. Burial at Christ Church cemetery.

JAYNES - Wesley. Mr. Wesley Jaynes, 68 who was a resident of Tyendinaga passed away on January 1st, 1973 after a short illness. Mr. Jaynes, who was a farmer, is survived by his wife Vera, and by two brothers and a sister. Mr. Jaynes served in the second world war and was wounded in 1944. The funeral took place on Tuesday January 10th at Christ Church with Rev. Cyril Betts conducting the service. Friends and neighbours from RR#1, Deseronto were pall bearers.

MARTIN - Mrs. Myrtle. Mrs. Myrtle Martin, 72 of 278 Main St. Picton, died at the Prince Edward County Memorial Hospital, Picton on Friday January 19th after a short illness. A resident of this area for twenty years, Mrs. Martin, the beloved wife of Robert Martin, who survives her, previously resided in Winnipeg. She was a member of the congregation of St. Mark's Church and was buried by Rev. Frank Bell in the Deseronto Cemetery on January 22nd 1973. Friends from Picton and Deseronto served as pall bearers.

BRANT - Cheryl. Miss Cheryl Brant, 20, of RR#1 Deseronto died at the Belleville General Hospital on January 21st 1973 as a result of injuries she sustained in a car accident on Dec. 16th 1970. Miss Brant has been seriously ill ever since the accident two years ago. The beloved daughter of Mr. and Mrs. Johnson Brant, she is survived by her parents, two sisters and seven brothers. Miss Brant was a member of the Mohawk Pentecostal Church, where her funeral service takes place today. Rev. Fred Futers will officiate and her brothers will be her pall bearers.

BIRTHS

Born on January 19th at Belleville General Hospital, Brett Morgan Patrick Maxwell, the 7 lb. 6 oz. first child of Mr. and Mrs. Wilfred Lawlor of Deseronto.

From the Pulpit

by R.E. Masters of the
Deseronto Pentecostal Church
Text: Exodus 20:1-3
Title: Thou Shalt Have No
Other Gods
People today think that

when we moved from the Dispensation of Law (the time of Priesthood) to the Dispensation of Grace (The time when an individual is able to deal directly with God) we were made exempt from the Old Testament Laws (the ten commandments), which are now thought of as old fashioned. But it is to be noted that Jesus not only upheld the Law of Moses, but He also endorsed it (Matt. 5:17-19; Luke 15:16, 17; 24:44). The Law was not laid down for God's Benefit, but for ours, -and- if we break it, then there is a penalty. We are only fooling ourselves when

we say the Ten Commandments are old-fashioned. Natural laws governing waters, electricity gravity, etc. cannot be defied and neither can the laws governing the conduct of man. God commanded, "Thou shalt have no other Gods before me."

It isn't always an idol or a molten image of some sort that comes before God. Anything that takes first place before God in our lives, and which leaves us no time to read the Bible and pray; then that something is a false god and is sin. That something could be greed, hatred, pleasures, habits, or

even a job. I could go on about the many false gods that people worship. However, I only wish to stress that we get back to obeying the Word of God starting with the first commandment, "Thou shalt have no other gods before me." I promise you this one thing, and that is if you obey this first commandment, God will bless you abundantly. Reader, all you need to do is ask God to reveal Himself to you, and if you do so with a sincere heart, you will see and feel the reality of God.

ASK THE PASTOR

Dear Pastor: In the past several years, I have seen the various denominations claim that they were the true Church of Christ. In your opinion, what is the Church?

signed Wanting to Know

Dear Wanting to Know,

The church is people, Christ's people. It matters not the denomination that a person may belong to, but it does matter whether or not an individual belongs to Christ. It is only those who belong to Christ that make up the True Church. The True Church is the total of all people who obey Christ, who unreservedly commit themselves to Him, who find peace and joy in His service. Christ and the church are inseparable. Christ gave Himself for the Church by purchasing it with His blood (Acts 20:28; 1 Cor. 6:19, 20; 1 Peter 1:18, 19).

Do you have a question, or a problem? Why not write to Ask the Pastor, Box 185, Deseronto, Ont. You need not sign your name if you do not desire to do so.

MAKING FRIENDS IS OUR BUSINESS

Arena Fund

During 1972 the Deseronto Community Centre Fund Raising Committee raised a total of \$14,105.17 towards the rink, from lottery tickets, weekly hockey draws, the sale of drinks at ball games and by an Auction Sale. The committee will soon be selling Sports Lottery tickets when a new lottery is commenced.

The survey for the rink property is completed, and the result of soil tests will soon be known. The committee is urgently soliciting support from the citizens of Deseronto to help them "put a roof on the rink in the near future."

Volume III No. 21

NO MORE FLOUR - CASH FOR LEASE

Press Release

Representatives of the Mohawks of Tyendinaga Band Council and the Tyendinaga Township Council with representatives of the Federal Government Dept. of Indian Affairs and Northern Development met at the Tyendinaga Township Hall on January 23, 1972 and January 22, 1973.

The meeting discussed the future of the 200 acres of land that includes part of the village of Shannonville which was leased by the Crown on behalf of

the Indian Band in 1838 for 99 years at a yearly rental of 30 barrels of flour.

In lieu of the yearly flour rental the respective bodies discussed the possibility that individual leases based on market value ground rents be negotiated with the present occupiers.

An appraiser appointed by the Dept. of Indian Affairs and Northern Development will shortly be conducting an appraisal of the 200 acres of land to determine the market value of the land only, not the improvements on the land.

When the appraisal has been completed the occupiers of the

land will be invited to a meeting to discuss the proposed new leasing arrangement.

Snow on Hwy 2 Still a Problem

The problem of cleaning snow from sidewalks, especially along Highway 2 is still with us, the Ministry of Transportation and Communications have informed the school that the onus is on the town. The public school advisory committee has asked Mr. Camelford, school principal, to write to the Street Committee on their behalf, requesting that additional or better school crossing signs be installed, that an application be made to reduce the speed limit along that section of Highway 2 to 20 m.p.h. where children cross. Since it is impossible to clear the south side of Dundas St. properly, the school Advisory Committee is to request that an additional crossing guard be considered for the St. George St. and Mill St. crossing.

Maggots Fight Gangrene

Doctors in Halifax have enlisted the help of a Waterloo biologist to help cure a gangrenous wound. Prof. Paul Morrison, who is engaged in research work on bluebottle flies has sent his third bottle of day-old maggots to Halifax. The doctors are putting the maggots in the wound to eat dead flesh. This technique was used to clean wounds in the

first World War, but Dr. Morrison says that in his 20 years as a biologist he has not heard of the method being put to use again.

Dr. C. E. Van Rooyen, a public health doctor in Nova Scotia, requested the fly larvae when a wound would not respond to drugs. The maggots remain in the wound until they mature in about a week, and they are then destroyed with the bandages.

Peacekeepers Called at Trenton

The 707 jet carrying the special force of Canadian servicemen bound for Viet Nam stopped in Trenton for about an hour on Saturday afternoon to pick up fuel and supplies. From Trenton the plane will fly to its

destination via Anchorage, Alaska. The flight takes approximately 14 hours.

Canada has committed observers to Viet Nam for 60 days, whether Canadian servicemen serve as peacekeepers beyond that time will depend upon their experiences during the initial period.

PECI Team Still Champs

Prince Edward Collegiate Institute's Safety Quiz team has qualified for the division finals in the Industrial Accident Prevention Association Safety Quiz

by defeating Frontenac Secondary School of Kingston. The division finals will be televised at 5 p.m. on Feb. 14th on Channel 11, CKWS.

High Water Causes Concern

Water levels in the Great Lakes are at record highs, and there is a very real danger of extensive damage and property loss in areas close to the lakes, particularly in south western Ontario, where evidence collected so far proves that present

levels are already causing damage to agricultural areas.

The International Joint Commission, a combined Canadian-U.S. agency is examining remedial measures.

Last year's spring levels were also exceptionally high, and a considerable amount of ice damage was caused to cottage properties in this area, particularly in Prince Edward County.

School Swim Programme

Deseronto Public School is looking for adults who would be willing to give their time to the school's learn to swim programme.

Arrangements are being made to conduct a programme of this type at the Black Hawk Motor Hotel pool in Belleville. The pool is being leased by the Quinte Kiwanis Club and will be available for school use for a nominal sum. However the schools must arrange for their own transport and life guards.

Transportation is not the main problem, the difficulty is that none of the school staff have a Lifeguard Certificate.

The school is appealing for adults who have this certificate to give time to help teach the pupils to swim.

Group Studies Bottle Returns

The Deseronto Ratepayer's Association became involved with bottle returns for the first time last fall. After correspondence with four bottling companies, the Association contacted

the Consumer's Association of Canada. It appears that there is no current legislation regarding returnable bottles, a matter the Consumer's Association plans to pursue further.

The Deseronto group first became interested in the problem when a question came up at one of their meetings as to what could be done when retailers refused co-operation in the matter of refunds on bottles.

Quinte

News

Round
Up

The principal of Deseronto Public School, Mr. A. Camelford has not received any suggestions from the public for evening courses that could be held in the school.

There is a strong possibility that courses such as sewing, ceramics, leatherwork and leisure arts and crafts will be offered.

A.R.C. Industries in Picton held an open house last Thursday from 2-3 p.m. and from 2-3 p.m. and from 7:30 to 9 p.m. The event was well attended and the workshop's new director Mike Donohue was on hand to meet the visitors. A.R.C. Industries is a locally sponsored workshop for the mentally retarded.

Project Loyalist, a unique retraining programme for retiring military personnel may serve as a model for similar projects elsewhere, if federal funds are available. The programme gives academic recognition to experience gained in military service which reduces the cost of retraining servicemen because it reduces the amount of time spent in retraining programmes.

The proposal to demolish the Prince Edward County home for the aged to make room for a new building on the same site is being met with mixed feelings, in Picton. The proposed new unit is based on the idea of a village complex.

Gordon Callon of Lake Ontario Cement Ltd. has been elected president of the Prince Edward Chamber of Commerce for 1973. The new first vice president is Frank Wright, with Joseph Cembal as second-vice president.

The first years' operation of the Allan Macpherson House in Napanee by the Friends of the Laird Auxiliary has been a success. During the course of the year the members have held a strawberry social, harvest supper and Christmas celebrations.

They also planted a ladies herb garden and opened a gift shop in the house.

A lack of snow caused the postponement of snowmobile races scheduled for last Sunday by the Prince Edward Racing Club. The races will now be held on Sunday February 15th.

The Prince Edward Region Conservation Authority has returned Henry Leavens as chairman and Donald Bond as vice president for the fifth consecutive year.

The village of Hastings is to have new sewage treatment facilities. The Ontario Municipal Board has approved the project and construction is expected to be completed by January 1st, 1974.

The tourist booth just north of Napanee is in the news again. Napanee Joycees are looking for ways to raise the \$500 needed to operate the booth. The club has not made any firm commitment so far but is to select four students to apply for an Opportunity for Youth grant to operate the booth this summer.

Rescue planes from the Canadian Armed Forces Base in Trenton spotted the wreckage of a plane that was reported missing between Montreal and Val d'Or, Quebec. Police on snowmobiles rescued four men from the site of the crash; they were later taken to hospital in Joliette, 40 miles north east of Montreal.

The Napanee detachment of the OPP are advising motorists not to leave ignition keys in their cars. They say that most cars stolen have the keys left in them, and by doing so motorists are inviting someone to borrow their car.

Happenings DESERONTO

Mrs. Kay Hood
396-2119

The Annual meeting of the Church of the Redeemer was held on Friday evening, January 26th, following a 6:30 Pot-luck supper, at the church, Rev. R. Jones opened the meeting with prayer. Henry Klaver was then

appointed chairman for the evening and Mrs. Dorothy McCullough-secretary. Minutes were read and approved, after which the reports of the various organizations of the church were given, and all proved very successful. Mrs. Kay Hood and Mr. Percy Brooks were re-appointed to the board. Plans were made for a "Bottle and Basket" drive to be held February 17th and the usual "Fun Fair" in the summer, a suggested date Aug. 4th. Mrs. Mabel Moore closed the meeting with prayer.

Reed. They said it was a very enjoyable experience and had a lot of interesting things to tell. Kim recorded 4 Cree Indian girls singing in their language and English, which her aunt took to the Presbyterian Sunday School and played it over for the children. She said they are so shy she had a hard time getting even 4 to sing. The Presbyterian children are going to make a tape of their singing of "Little feat baccaful" which the Cree children sang but with a different tune to ours, also a few other choruses to send to them through their teacher Peter Barbier.

Mrs. Jean Griffiths was a over night guest of her sister, Mrs. Marie Watson, in Napanee.

Tyendinaga Senior Citizens met at The Mohawk recreation centre January 25, there was a good attendance. Card winners: Mrs. George Smart, Mrs. Mary Brant, Mrs. Bert Brant, Mr. Mark Maracle, Mr. Melvin Maracle, Mr. George Smart, Mr. George Smart - Lone hand, Mrs. Abel Green - door prize. Rev. Belts drew Mr. Jack Maracle's ticket on the 9 lbs. of honey donated by Norwag Maracle.

Thank you for donations: Mrs. Isabel Maracle - Quilt, Mrs. Mary Brant - \$1.00, Mr. Con. Maracle - two decks of cards. Visitors attending from Belleville, Mrs. Lulu Longhurst, Mrs. Wilma Summers, Mr. Lorne Williams.

Lunch was served by the members. Miss Susan Brant giving a helping hand. Next meeting February 22nd and cards.

MAKE SNOW REMOVAL EASIER THIS WINTER

In Central Ontario, there are about 72 days during the year when snow accumulation is over 1 inch, with an average snowfall of about 55 inches. For homeowners, it is not usually this accumulation that causes problems, but the drifting and piling up of snow due to the wind and buildings. Snowthrowers and tractor-plows can help ease this burden.

Electric snowthrowers are available in widths to 18 inches. Under ideal conditions they'll discharge about 225 shovelfuls per minute. Throwers powered by gasoline motors range in size from about 22 to 26 inches. Both types are adjustable for height. Check the equipment to make sure it is suited to the surface to be cleaned. Some types of throwers will make gouges in asphalt driveways.

When the major problem is drifting or packed snow, snowthrowers do not really ease the job of clearing snow. Snow fencing located upwind from the area and at right angles to the prevailing wind will help reduce drifting. Don't wait to clean out your driveway; it is easier on you and the machine if there is only 4 to 6 inches of snow on the ground at a time.

A homeowner who has a small tractor for cutting grass can also use it during the winter. A 36-inch blade is available for the front of the tractor to plow the snow. Snow clearing will take a lot of power, and to be effective the tractor should be at least 7 hp. Anyone wanting to use a larger blade should remember that power requirements will also increase. When plow width is doubled, the engine has to be 4 times more powerful to operate efficiently.

Recently a firm in Napanee which was supposed to operate as a Canadian owned business for 5 years, was allowed to sell to American interests after only 3 years of being in business.

Our government is getting more lax in these matters, not tougher!

It is a well known fact that Canadians will not invest money into any venture unless they know it will pay off. The US money mongers are quick to capitalize on Canadian timidity. Where would people get employment today if not from all the US owned companies?

Even the radio and TV are being used to Americanize us, and school text books. Students in the US take very little about Canada's history, but my oldest boy brought home a book from school the other day called "This Land of Ours, Canada"—a good 60% of the text of that book was about the United States of America. Now really! Our government will do

nothing to stop the slow take over, they wouldn't look so good to the electors without help from across the border. It should be said NEVER HAVE SO FEW BEEN PAID SO MUCH FOR DOING SO LITTLE!

Deseronto 1894

"THE TRIBUNE" — Deseronto
Friday, January 26, 1894

DEMORESTVILLE

The long talked of New England dinner came off Monday night, in the town hall. It was got up by the Ladies' Aid Society of the Presbyterian church here, and when I tell you that nearly \$100 was realized, you will say it was a success financially, and if you had been here to see the spread and the programme you would say it was a success in other respects as well.

GREEN POINT

Mrs. Taylor of Belleville, is visiting for a few weeks at Mr. H. T. Carman's; also Mr. & Mrs.

N. Johnson, of Pictou, were their guests on Tuesday.

The tea meeting at Bethesda church on Tuesday evening was not the desired success expected on account of the heavy rain.

Quinte Association of the Patrons of Industry held their first meeting in their new hall, Roblinville, on Wednesday, 17th. It was a great success, the attendance being very large. Several new members were initiated and visitors were present from Bloomfield, etc. Mr. B. Johnson and others addressed the meeting.

MARYSVILLE

Miss K. Rennix, of Deseronto, was the guest of Miss Katie Driscoll on Sunday last.

Miss M. Curry spent Saturday in Napanee.

Mrs. J. McCambridge returned from Watertown this week. She was accompanied by her daughter, Mrs. J. Farrel.

BLESSINGTON

We are pleased to see la grippe relaxing his hold at last and the people are beginning to have some hopes of getting their usual health again.

Some O.B.C. boys paid this neighborhood a visit last week. The country is the place for quiet enjoyment if not for educational advantages.

ARTHUR LLOYD — Arthur Lloyd and his great comedy company will appear at the Deseronto opera house this evening. The name of "Arthur Lloyd" has been a household word for years in England, Ireland, and Scotland and he will, no doubt, be awarded a most cordial reception in Deseronto. Mr. Lloyd is well known as the author of a very large number of the most popular songs of the day. People wishing to enjoy an evening of rare fund should attend the opera house this evening. Admission 25 and 35 cents. Plan of hall at Naylor's.

A public speaking contest (re-named an oral communications festival) will be held at Westdale Park Public School in Napanee on Feb. 8th. Young speakers from most public schools in Lennox and Addington County will take part.

Quinte Cablevision has invited students from PECL to participate in cable TV programmes. The cable TV company is to begin community broadcasts on March 1st. If the invitation is accepted the students council will need \$1,200 from the student fund for the purchase of equipment. The students would be involved in one or two half hour shows each week.

Odessa Trustee for the Lennox and Addington Board of Education, Mr. Phillip Benest, objected to a motion of good intent passed by the trustees at their meeting last week. The motion was that the Board of Education budget should not cause an increase in the mill rate. Mr. Benest said that all the figures for 1973 are not in and that the expenditures are expected to increase, which makes such a statement impractical.

Prince Edward Region Conservation Authority would like a full-time conservation officer living in the county to control poaching on Conservation Authority lands. At present Jim Ives, operating out of Napanee is in charge of enforcing game laws

in the county. ***

Birthing - a pro-life organization which helps both married and single women who are distressed by unwanted pregnancies, opened a telephone service in Napanee last week. Two telephones will be manned from 9 a.m. to 4 p.m. every Wednesday by volunteer workers. Mrs. M. L. Sammon of Napanee who founded the Kingston and Belleville chapters of the organization said that the aim is to help pregnant women sort things out anonymously and confidentially.

The organization, which is strongly against abortion, arranges medical care, accommodation, employment and counselling. ***

The Bay of Quinte Mohawks still need about \$15,000 to complete their new community centre and provide lighting facilities, flooring and decoration. A series of dances to be held each Saturday night is the latest fund raising drive to augment the funds, the Mohawks have raised so far - which amount to almost \$40,000.

Prince Edward Region Conservation Authority is concerned about the amount of garbage left on roadsides throughout the county. Two or three county road employees are needed to clean up the roadsides in the spring, and SWEEP project crews cleaned up many tons during the summer. No easy solution to this problem is available, the authority's education and information advisory board is to study the matter. ***

The Canadian Book Publisher's Council, which harshly criticised the Hastings - Prince Edward Separate School Board for purchasing school texts in the United States, would be delighted with the "buy Canadian" policy of the Hastings County Board of Education.

The Board has a written policy directing board employees to purchase books from Canadian companies whenever possible, consequently most of the books come from Canadian suppliers. Director of Education, Eric Run-acres, says that the schools receive a lot of service from the suppliers as well as advice on their libraries. Discounts ranging from 20 to 40 per cent are given to the board on its book purchases.

The school trustees for the county were some of the few in Canada who went on record as deploring the decreasing number of Canadian publishing houses and outlets for the sale of Canadian books. ***

Dairy farmers in the Camden East area have been troubled by cattle rustlers during the past year. Twenty six cattle were stolen from outlying pastures - an estimated loss of \$10,000. The thefts stopped in December, when cattle were housed close to farmers' homes for the winter, but the OPP anticipate more trouble of the same kind next year.

Children from the Junior Division of Deseronto Public School will have the opportunity to visit Belleville and see a production of "A Snowflake for Alma" at the Collegiate Institute on Thursday February 1st.

The presentation is being staged by a group of actors known as the Touring Players, who will be brought to the area by the Quinte Arts Council.

The cost to the student will be 75¢.

NOTICE of Public Meeting

Lennox - Oshawa Transmission Line Project

Richmond & Tyendinaga Townships

Thursday, FEBRUARY 8, 1973

7:30 p.m.

Tyendinaga Township Hall - Melrose

A new study is in progress to find the best location for the East-West transmission lines from Lennox to Oshawa.

At this early stage in the study it is important that YOUR views be made known.

This meeting has been arranged jointly by Richmond and Tyendinaga Township councils in co-operation with ONTARIO HYDRO.

Title: Chisels for Carving Personalities Part 1

Today's message is the first part of a message dealing with the forming of personalities or character. If you were to visit the studio of a sculptor, you probably would see the sculptor patiently at work chipping away

at some large piece of stone block. Slowly the face and figure are formed according to what he wants or according to the model that is before him. Some of these statues are of well known people and are in our parks and museums. I want you to know that something like this is going on in the world amongst people. The material is the human soul and face, and the chisel must be specially fitted for working on such material. The Holy Spirit is the Sculptor and Jesus Christ is both the power and the pattern. The finished work is not a statue - but a living character - a living personality. The Bible declares "if any man be in Christ, he is a new creature." The Holy Spirit has done this. As you read the above text, you will

find that you are dealing with chisels that carve personalities in flesh and blood. These chisels that carve one's personality are as follows: The Chisel of Faith; the Chisel of Hope; the Chisel of Trial; and the Chisel of Love. I believe that all men should apply these chisels to their own personal lives if they desire to have peace of mind and heart. You can have this through Jesus Christ. Next week, we will deal with the first chisel that can carve your personality into something that is beautiful.

ASK THE PASTOR

Dear Pastor: I have been a staunch church goer for years. During those years, I have seen the Bible being used less and less within that church. There is less emphasis on the Bible. Is the Bible a lost book to the Church? Is it just an ordinary book that is no longer needed in this day and age?

signed What is the Bible

Dear What: The Bible is God's Word. God has given us the answers to all of the great questions in life in His word. You have no need to be in doubt. You can read God's Word and know all the facts that are very important to you and everyone else.

For example, the Bible tells you where we came from. God created us in His own image.

The Bible tells you where sin came from. Satan deceived man and made him doubt God's Word, and disobey God's laws. That was sin, and now sin has passed upon all mankind.

The Bible tells you why death came. "The wages of sin is death" (Rom. 6:23). "The soul that sinneth, it shall die" (Eze. 18:4).

But at the same time, the Bible also tells you how to be saved from your sins. The Blood of Jesus Christ was shed for the remission of our sins. "Believe on the Lord Jesus Christ, and thou shalt be saved" (Acts 16:31).

Yes, all the vital questions of life are clearly answered in the Bible. It is God's Word. It is true. God will confirm it by miracles to prove it to you. It is written for you. It does not need someone to interpret it. God expects you to read it and believe it. That is Faith, and it is this faith that pleases God.

Bedtime Story

by Maude Taylor

The Bubble Men Policemen

Tommy lay in his bed feeling very cross. Mother had said "Wash yourself clean, before you go to bed." Grown ups were a nuisance, thought Tommy, they were always saying "wash your hands." "What a nasty boy" said a voice close to Tommy, and there was a round fat shiny little man. He looked around and there were some more of the funny little men floating in the air. "Who are you," asked Tommy. "Why, don't you know, we are Bubbles", said Bubble No. 1. You used to play with us in the summer time when you blew us out of your Bubble pipe, but now you won't help us with our work. "You see, said Bubble No. 2, "we are Policemen, and our job is to chase the dirt and germ. When little boys and girls dip their hands in warm water and rub soap on them, and then rub their hands together it makes us little bubbles rise up, and bubble, and chase the dirt and the germs all away." "I am so sorry" said Tommy, "I did not know that." "I will help you to-morrow." The next morning Mother was very surprised when her little boy asked for warm water and soap. Tommy found it was great fun too.

Why don't you little children find out what fun it is to make bubbles on your hands, and see how pretty your hands will look afterwards.

First Aid Course

Grade eight students at the Deseronto Public School are now receiving a course in first aid from Mrs. Smith of the Saint John's Ambulance. This course will result in a certificate from this organization for all who successfully pass the regulation Saint John's Ambulance examination. The course includes bandaging, splints, and rescue breathing and is a valuable supplement to our existing Health Course.
